The policy will be formally reviewed every two years unless legislation or other proposed changes have amended it in the meantime.

Our action plan reflects our aim to make space for, listen to, engage, learn and celebrate with participants, audiences, artists and other organisations to enable everyone's dancing voice to be nurtured and heard. We reject racism, discrimination and hatred of any kind, and will not tolerate institutional and structural discrimination in the dance industry or any other. We acknowledge that it is of vital importance that discrimination be further addressed in order to ensure that leaders, artists, participants and communities from protected characteristics groups can thrive within our dancing community.

Cheshire Dance is a National Portfolio Organisation (NPO) with Arts Council England (ACE). The ACE new Let's Create Strategy and in particular the Investment Principle 'Inclusivity & Relevance' is at the forefront of our plan. As an NPO we must show how we contribute to the Inclusivity & Relevance three core characteristics, Communities, Workforce Leadership & Governance, and Creative Case for Diversity.

Communities

Actively listening to, and taking account of, the views of the local community, children and young people, artists, practitioners, and stakeholders we work with. Actively forming relationships with our underserved communities.

Workforce, Leadership and Governance

Have a workforce, leadership and governance which fully reflects and represents the communities we are serving. Have an inclusive organisational culture which values and develops the talent of all the people we work with. Fostering a safe workplace where harassment and discrimination can be challenged and eliminated.

Creative Case for Diversity

Our programmes and activities reflect the culture and talent of creative practitioners and cultural workers drawn from all backgrounds.

In order to ensure we meet our aims and the terms of our NPO funding our Single Equality

SINGLE EQUALITY POLICY AND ACTION PLAN

Policy, Action Plan and information monitoring must be up to date, relevant and robust.

Coupled with monitoring and performance information required by our other funders, this has informed and targeted our Action Plan, which follows in Section 11.

Covid-19

The Covid 19 pandemic which began in early 2020 has had a devastating economic and social impact on our country that will be felt for many years to come. Peoples' physical and mental health & well-being has been challenged, social isolation has increased and financial pressures have compounded what is an unprecedented challenging situation. The pandemic has disproportionately impacted upon those from who already faced inequality of opportunity (including those in protected characteristic groups), many of whom are forced to go out to work in risky or unsafe environments, or who must self-isolate for long periods of time with even more limited access to support, contact and cultural activities, particularly as carers focus on other basic needs. Freelance artists have also found themselves in precarious situations with hugely reduced incomes and less support from central Government – forcing many to leave the sector and seek alternative employment.

It is therefore imperative that our Single Equality Action plan focuses upon embedding diversity within Covid recovery so that we ensure all those who previously danced with us, are able to do so again, as well as creating more opportunities for those who find themselves vulnerable following the pandemic and initiatives to deepen practice with artists and participants from protected characteristic groups and low socio-economic groups.

Covid-19 recovery is an opportunity to re-evaluate our current approaches and systems, to challenge assumptions and to forge new, more equitable ways to develop our work which truly value and reflect the diversity and creative wealth of our society.
